Madison- Inpro Corporation, located in Muskego, is competing for a Wisconsin Manufacturer of the Year Award. They are one of 38 Wisconsin businesses nominated for the Grand Award.

Being a manufacturing company in Wisconsin, it is paramount to Inpro Corporation to keep their production in the state, with 85 percent of their 535 total employees working in their Muskego facility. Inpro Corporation has been at the cutting edge of manufacturing practices for over twenty years. They host a wide variety of diverse manufacturing processes under one roof including plastic extrusion, injection molding, thermoforming, CNC operations, assembly/fabrication, solid surface production, sewing and metal fabrication. Some of the many products they manufacture include medical facility protection systems, such as handrails and wall guards, but they also produce expansion joints, architectural signage, and washroom systems to name a few.

The Manufacturer of the Year Awards program recognizes a diverse array of manufacturers of all sizes and sectors of the economy for their paramount economic contributions to the great state of Wisconsin. A total of four Grand Award winners will be chosen in categories based on company size.

Each nominee is evaluated in areas such as financial growth or consistency, technological advances, product development, environmental solutions, operation excellence/continuous improvement, commitment to employees, and effective research and development. The Wisconsin Manufacturer of the Year award winners are selected by an independent panel of judges representing industry, education, and the public sector.

The annual awards program is co-sponsored by the accounting and advisory firm of Baker Tilly Virchow Krause, LLP, the law firm of Michael Best and Friedrich LLP, and the business association Wisconsin Manufacturers & Commerce. The sponsors will celebrate the nominees and reveal the winners at a black-tie awards banquet on Thursday, February 25 at The Pfister Hotel in Milwaukee.
