Madison- Tenere Inc., located in Dresser, is competing for a Wisconsin Manufacturer of the Year Award. They are one of 38 Wisconsin businesses nominated for the Grand Award.

After starting as a tool and die shop in 1966, Tenere Inc. quickly grew into a full scale metal and plastics production company and has continued to excel in engineering support, complex components and assembling, and the integration of metal and plastic while expanding into new markets. Tenere is a contract manufacturer whose key manufacturing processes are metal fabrication, 3D printing and casting, precision injection molding and machining. Their diverse range of industries include aerospace, defense, HVAC, industrial, agricultural, commercial printing, medical and technology.

The Manufacturer of the Year Awards program recognizes a diverse array of manufacturers of all sizes and sectors of the economy for their paramount economic contributions to the great state of Wisconsin. A total of four Grand Award winners will be chosen in categories based on company size.

Each nominee is evaluated in areas such as financial growth or consistency, technological advances, product development, environmental solutions, operation excellence/continuous improvement, commitment to employees, and effective research and development. The Wisconsin Manufacturer of the Year award winners are selected by an independent panel of judges representing industry, education, and the public sector.

The annual awards program is co-sponsored by the accounting and advisory firm of Baker Tilly Virchow Krause, LLP, the law firm of Michael Best and Friedrich LLP, and the business association Wisconsin Manufacturers & Commerce. The sponsors will celebrate the nominees and reveal the winners at a black-tie awards banquet on Thursday, February 25 at The Pfister Hotel in Milwaukee.
